

Sprayable seam sealer

SSS 100-200-300-400

- MS Polymer
- Firm-setting sealer for interior and exterior auto body seams and joints.
- Replaces and repairs factory sealing jobs in trunk, floor and drip rail areas.
- No primer needed, good adhesion, lasting flexibility.
- Atomised, by using a combi sealant gun (CSG 00), the seam sealer can be used inside door skins, inside body panels, or any area where a sound deadening and/or structured coating is needed.
- Standard 290ml cartridge, fits in all standard caulking guns.
- Available in white, grey, black and beige colour.
- Paintable after 30 minutes with any primer, water- or solvent-based basecoat or topcoat.
